

Spring 2018 Perennial Availability.

Please note 'Ready By' date. Plants are not released for sale until rooted. Our plants are grown outdoors; ready date is weather dependent.

Availability is subject to crop failure or supplier changes.

Perennials purchased while still dormant are purchased 'at your own risk'.

Dormant perennials require water after planting, as well as protection from repeated freeze and thaw in the early spring.

At any given time we may have some perennials in quantities too small to list here. Please inquire if you do not see what you are looking for.
