

# *Asimina triloba*

## Pawpaw

Native to PA

- 15 to 25 ft. tall
- Spreads 15 to 30 feet
- Sun to light shade
- Average, medium to wet soil
- Large, 6 to 12 inch, medium to dark green leaves.
- Yellow fall color, edible sweet fruit
- Requires pollination from a genetically different Pawpaw tree.
- All Pawpaw trees at EOTW are seed grown and genetically diverse.
