

# *Cornus sericea* 'Cardinal'

## 'Cardinal' Red Twig Dogwood

- 8 to 10 feet tall, spread 4 to 9 feet
- Sun to part sun
- Wet to average soil
- Beautiful cherry red branches brighten winter landscape (branches are green in summer)
- White flowers in Spring
- White berries ripen July to September
- Benefits from heavy pruning/thinning
- New growth has brighter color so cut out older stems in early spring
