

Rhododendron prunifolium

Plumleaf Azalea

- 8-15 ft. tall
- Spreads 4 to 5 feet
- Full sun to part shade
- Moist acidic well drained soil
- Clusters of orange-red to red, funnel-shaped flowers, July
- Distinctly shiny, dark-green foliage.
- Afternoon shade helps prolong flowers in hot summer
- A southern species that now occurs rarely in nature, hardy to zone 5
