

*Bignonia capreolata*  
**Cross Vine**

- 35-50 foot climbing vine
- Full sun to part shade (tolerates full shade, but flower production will be low)
- Average medium-moisture, well-drained soil
- Reddish-orange blooms in early summer
- May die back to the ground in winter, but often will send up suckers in spring
- Plant in protected spot to avoid winter die-back
