

Our plants are grown outdoors and are not released until rooted.
 Availability is subject to crop failure or supplier changes.
 Perennials purchased while still dormant are purchased 'at your own risk'.
 Dormant perennials require water after planting, as well as protection from repeated freeze and thaw in the early spring.
 At any given time we may have some perennials in quantities too small to list here. Please inquire if you do not see what you are looking for.

**Due to the increased demand of pre-ordered plants, the quantities listed in this order form may change daily.
 Orders will be fulfilled for curbside pickup in the order in which they are received.
 Orders are not considered final until we send a confirmation.
 This order form is updated weekly, this form is considered current if submitted prior to 4/3/2020.**
