May – June

Aronia arbutifolia 'Brilliantissima'

Red Chokeberry 'Brilliantissima'

- 6 to 8 feet tall
- 3 to 4 feet spread
- Full sun to part shade
- Wet to dry, fertile soils
- Tolerates clay, drought, flood, and salt
- White flowers in spring, followed by showy red berries that appear in late summer and persist thru winter until birds eat them
- 'Brilliantissima' is a compact variety noted for its abundant fruit and reliable fall color
- Larval host for coral hairstreak
